ASSOCIATION

# WVDA 118TH ANNUAL MEETING

The Greenbrier Resort | July 18-20, 2024

FRIDAY | JULY 19

8:30 am - 4:30 pm

## FEATURED SPEAKER

### **BEAUTIES AND THE BEASTS: THE GREATEST HITS, AND MISSES, OF COSMETIC DENTISTRY**

**Dr. Mark Hyman** is a renowned dentist in Greensboro, NC, and a public speaker/thought leader whose work is characterized by his warmth, enthusiasm, sense of humor, and passion for dentistry. As an accomplished seminar speaker, he has lectured throughout North America at every major dental meeting. Dr. Hyman is an Adjunct Full Professor at UNC School of Dentistry, teaching the dental and hygiene students, AEGD, and GPR residents. For the past 17 years, Dentistry Today magazine has selected Dr. Hyman as one of the Top 100 speakers in dentistry. He has earned national and international recognition for his innovative and engaging teaching.

*Recommended for: Dentists and Clinical Staff*

*Dr. Hyman is listed as one of Gordon J. Christensen Practical Clinical Courses.*

RECEPTION & #TOOTHPARTY**

SATURDAY | JULY 20

8:30 am - Noon

## ALL COURSES

### DEMYSTIFYING DENTAL INSURANCE FOR THE NEW DENTIST

**Amri Patel, DDS** - As a new dentist, it's important to know how different plan coverages and dental contract requirements can directly impact both patient care and your overall financial success. Hear about what works, and what challenges you can expect to come across. We will share successes, challenges and best practices to help you make informed decisions as you journey along your professional path.

■ *Recommended for: New Dentists and Students*

**OR**

### BODY PRAXIS: PHYSICAL REHABILITATION PROGRAM FOR DENTAL PROFESSIONALS "THE PREVENTION AND REVERSAL OF MUSCULOSKELETAL DISORDERS IN DENTISTRY"

**Rick Williamson, BS, ACE, CPT** - Body Praxis offers an exclusive structural redevelopment and wellness program to address the serious musculoskeletal disorders that afflict many dentists, hygienists, and other team members. We will review clinical observations, muscle recruitment, spine segmental mobility, and breathing techniques to restore function and alleviate pain. A unique training regimen will be introduced to address specific injuries and dysfunction caused by repetitive workplace positions and movements. This session will include a live assessment of those in participation and offer tips to maintain a healthy, pain free body.

■ *Recommended for: Dentists, Hygienists, Lab Technicians, and Students*

**OR**

### DIGITAL DENTISTRY: THE KEY WORKFLOWS THAT WILL ENHANCE PRACTICE GROWTH AND EFFICIENCY

**SPONSORED BY PATTERSON DENTAL & DENTSPLY SIRONA**

**Megan Weisenberger, DMD** - Digital dentistry workflows can be the engine that drives practice growth and efficiency. Learn how to unlock the potential of your practice and staff through CBCT, digital impressions, single-visit dentistry, and more.

PRESENTATION OBJECTIVES:

1. Demonstrate how same-day CAD/CAM crowns can increase efficiency and productivity
2. Learn how digital workflows can increase patient acceptance including clear aligner treatment
3. Learn about 3D diagnostics and procedural expansion through CBCT
4. Understand how 3D printing can take your practice forward

### SUMMARY OF COURSE

■ *Recommended for: Dentists, Hygienists, Lab Technicians, and Students*
