WHAT WE DO

- Advocacy
- PracticeSuccess
- Professional Development

DEAR COLLEAGUE,

Thank you for taking time to speak with me. I hope that you enjoyed our discussion and that you now know why I value being a part of organized dentistry. My hope is that you can offer your support and join the VDA, the voice of dentistry in Virginia. Membership in the VDA is more than simply joining an association of peers. It's camaraderie, community, access to helpful resources and an investment in your practice. Lastly, it's one of the best ways to have your voice heard and shape the future of our beloved profession.
