

Join the VDA Today!

We are here to help you thrive personally and professionally

Dentists join the VDA for practice support, professional connections, exclusive CE, and timely resources that keep you on top of issues that could impact your practice. But most importantly, you have a dedicated staff and thousands of dentists in your local component and around the state who are invested in your success. Membership in the VDA means you don't have to go it alone, but you are part of the largest, most influential network of dentists supporting you, your patients and your profession.

Advocating for You

The VDA is unmatched in its influence and impact in the General Assembly, allowing our members across Virginia to speak with one, powerful voice. The VDA gets results, including recent success in dental insurance transparency, the largest increase in dental Medicaid reimbursement rates in history, licensure reform, expansion of allied dental programs, allowing dentists to perform cosmetic Botox, and protection from litigation for dentists seeking care for mental health challenges. The VDA also annually defeats dozens of misguided bills that would increase the cost and regulatory burdens to our members providing patient care.

Professional Support

From the Caring Dentist Council, which provides confidential support for dentists and their team members struggling with mental health or addiction, to mediation with patients and mentoring networks, the VDA provides thoughtful, individualized professional support when dentists need it the most.

Exclusive Savings

Save thousands of dollars through the VDA Member Perks program. Enjoy exclusive savings on everything you need for your practice from OSHA and HIPAA compliance, to supplies, e-prescribing, website design, patient financing, credit card processing and more.
